UNIVERSAL 8 GANG PANEL SYSTEM

SALES 386-257-2956

PRODUCT OVERVIEW

Integrate lighting control into any vehicle with Heise's universal control panel that can fit into the dash panel, center console, vehicle pillar or even the overhead sunglass holder. This gang switch panel system allows you to control up to 8 different auxiliary LED lights or electrical devices. With 50 different switch stickers included, the panel can be customized accordingly and has blue LED backlighting to illuminate the switches. This versatile panel can handle all types of 12V DC accessories, can be installed in multiple positions and is ideal for all applications such as cars, trucks, Jeeps®, ATV/UTVs, RVs and even boat installations. The compact control panel measures 2.6 by 4.6 inches while the under-hood mounted control box has a 4.2 by 7.5 inch footprint.
